ABOUT US

Tosy Auto Products: A Legacy of Excellence in Automotive Components

Tosy Auto Products is a distinguished and reputable manufacturing company based in New Delhi, India, carrying a proud legacy of over **55 years** in the automotive component industry. Established in **1971** by the late Mr H.L. Bhalla & Late Mrs Basanti Bhalla and currently managed by their sons, the company has consistently delivered high-quality, precision-engineered products to a diverse and esteemed clientele.

Strategically located in the Bawana Industrial Estate, Delhi, Tosy Auto Products operates **two state-of-the-art manufacturing facilities** equipped with the latest technology, guided by the dictum of producing “ZERO DEFECT” products. Their commitment to operational excellence is further cemented by the practice of Total Quality Management (TQM) and Total Productive Maintenance (TPM) systems across all levels of their operations.

Tosy Auto Products specialises in the manufacturing and supply of a comprehensive range of critical automotive fluid transfer systems and precision components, including all types of low, medium & high-pressure Hoses and Pipe assemblies, Propeller Shafts and Components, and various types of Defence Parts.

The company’s unwavering commitment to quality and compliance is reflected in its prestigious certifications and registrations, including: ISO 9001:2015 certified Manufacturer, Directorate General of Quality Assurance (**DGQA**) registered, **ZED GOLD** (Zero effect, Zero Defect), Memberships with the Engineering Exports Promotion Council (**EEPC**), Micro Small or Medium Enterprises (**MSME**), National Small Industrial Corporation (**NSIC**), Manufacturers Association Bawana, and Automotive Component Manufacturers Association (**ACMA**).

Tosy Auto Products has built a formidable reputation as a trusted OEM supplier, serving a vast and satisfied customer base that includes industry giants such as Ministry of Defence, BEML, Mahindra Defence Systems Ltd, TATA Advanced Systems Ltd, TAFE Motors and Tractors Ltd, and many other prominent names across the automotive, industrial, earthmoving equipment, and defence sectors.
